THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and **Athletes** must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, Avenue Mon-Repos 24, 1005 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.horsesport.org.

This competition is compulsory for the 30 best athletes and horses (including those placed equal for the 30th place) according to the accumulative penalties over the first and second qualifying competition.

All athletes who complete Round A go forward to round B. The faults in both rounds are added.

Athletes will be invited to inspect the course of round B.

The starting order for round A will follow the reverse order of penalties incurred in the first and second qualifying competitions of the Championship. In the event of equality of penalties for any placing, the time of the first qualifying competition will be the deciding factor for the starting order of the athletes. The 30th qualified will therefore start as number one.

The starting order for round B will follow the reverse order of the penalties incurred in the first and second qualifying competitions as well as round A. The athlete with the greatest number of penalties will start first. The athlete with the least penalties will start last. In the event of athletes with equal penalties, the time of the first qualifying competition will be the deciding factor for the starting order.

Starting order will be according to a draw, in the first round. In the second round, the order of starting will be according to the reverse order of penalties incurred in the first round (individuals to start before teams in the second round). In case of individuals or teams with equal penalties, the same starting order as in the first round will be used.

Team classification :

The classification is decided by adding the penalties incurred by the 3 best athletes of each team in each of the two rounds of the Team Championship. In the case of equality between the teams for first, second and/or third place, a jump-off against the clock is necessary. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the first and second places. The other teams will be placed according to their added penalties in the two rounds; those with equal penalties are placed equal.
